

CHAMPION YOUNG ARTISTS IN YOUR COMMUNITY

THE ARTS SOCIETY & ART BYTES NATIONAL PARTNERSHIP

Art Bytes is proud to partner with The Arts Society. In our first national partnership year 2024/25, 46 societies supported 70 schools, championing visual arts and celebrating the creativity of 1,890 pupils across England. Will you help us build on that for 2025/26?

Art Bytes is a national art and EdTech programme for Year 5 and Year 9 students, combining an inter-school art competition with cutting-edge virtual gallery technology and celebration events at prestigious venues across England.

YOUR SOCIETY'S IMPACT

When you sponsor a school:

- **The school pays nothing** - your support covers their entire participation
- Students gain confidence, raise aspirations, and develop cultural capital
- Teachers receive support to deliver outstanding art education
- Families engage with their children's creativity through voting and events
- Your community celebrates young talent at prestigious cultural venues

"Art Bytes has become an integral part of our school calendar. We use the process to promote art in the school and give opportunities for the children to talk about their artwork and that of others."
