

Artsmark
Partner

Supporting cultural education, endorsed by Arts Council England

Art Bytes offers an experience that is proven to **nurture talent**, **raise ambition** and **develop confidence**, as well as **support mental health** and help **develop vital skills** for future employment. For Primary (Year 5), Secondary (Year 9) and SEND students, we provide an **authentic opportunity** to showcase student art work nationally; a wonderful way to **challenge** your students and provide them with a sense of accomplishment and reward for their creativity.

We are proud to be an Artsmark Partner!

Excellence and Innovation

As it is a competition, **striving for excellence and innovation** by, with and for your students is vital, and we want this offer to give you the means to celebrate your student's creativity nationally.

Leadership, Inspiration and Engagement

Art Bytes endeavours to support you to **inspire** your students beyond the creative process and outcome, by giving scope to exploring **leadership experience** and **ambassador** roles with your students. This gives the students a voice to **talk enthusiastically** about the concepts being learnt and the art work being created, through public speaking and/or media campaigns.

Positive and Inclusive Experience

Following a shortlisting panel, the online public vote decides the winning art work from each school, which appears in the virtual gallery. This public vote encourages the school community to **positively engage** with the students and generates an **inclusive conversation**, by all members of the school community about students' creativity.

Partnerships

We are very proud to be **partnering** with cultural venues across all regions of England to host our celebration event and offer their educational expertise, allowing students to build cultural capital and see galleries as "places for them".

To find out how **Art Bytes** can support your Artsmark journey, contact Emma Griffiths, emma@artbytes.co.uk and visit our website to see our full offer artbytes.co.uk/artsmark/
